

Job Opportunity: Software engineer

Company: ZeBeyond Ltd.

Location: Leamington Spa, UK – Hybrid Working

About us:

ZeBeyond, a leading startup, has developed ePOP, an innovative system simulation software for powertrain optimization. Our platform integrates sustainability and financial targets into the early stages of part selection. We are looking for a versatile software engineer to join our small, dynamic team and contribute to the development of the next generation of our software.

About the role:

Our software portfolio includes both installed desktop applications and cloud deployments on AWS. The initial responsibility of this role is the redevelopment of our flagship desktop application, ePOP. This is an exciting greenfield project offering the technical freedom to propose and implement system architectures. Proficiency in C# application development with the latest .NET (e.g. .NET 8) is essential for this project.

As a small, agile startup, we value adaptable software engineers who are eager to learn and contribute to various aspects of product development over time. We welcome candidates with varying levels of experience.

Role Tech Stack:

- **Application Development:** C#, Javascript/Typescript
- **Databases:** not currently used but anticipated, experience beneficial
- **DevOps:** Github source control & Github Actions for CI/CD
- **Cloud:** AWS

Application Industry:

- Powertrain development (particular focus on automotive EVs)
- Life Cycle Assessment (LCA) and sustainability
- Corporate financial reporting

Role Requirements:

- Experience in developing and deploying desktop or web applications
- Experience in API and microservice development
- Experience in creating modern user interfaces
- Ability to work independently and collaboratively within a team

Benefits:

- Early day member of an agile tech-startup with strong growth ambitions
- Opportunities for professional development and training
- Comprehensive health package
- Collaborative and innovative work environment

How to Apply:

CV and cover letter detailing your relevant experience to careers@zebeyond.com.

ZeBeyond is an equal opportunity employer. We encourage applications from candidates of all backgrounds and experiences.
